As a matter of fact there were only three permanent and one temporary overseer i.e. only four overseers in the Divisional office, Belgaum on 31-3-50 and one out of the four was retrenched. But owing to the abolition of the River Gauging Dn and Sub-Dn. and the transfer of the work to the Divisional office Belgaum, one additional overseer was sanctioned. As the fifth overseer existed on 31-3-50, in another office though not in this office, the post has been shown as existing on 31-3-50. The strength of permanent and temporary overseers of the Dn consists of 32 members and at least two leave reserves are required. Hence this one temporary post may be made permanent. | |

The work of the workshop is increasing day by day, owing to the fact that it is attending to the repair work of the plant and machinery of the Circle as a whole and it is but necessary that the supervising staff should be permanent. The workshop is required on a permanent footing & hence the overseers cannot be treated as temporary. | (B) These posts were being provided in annual budget estimates of the Dn. |

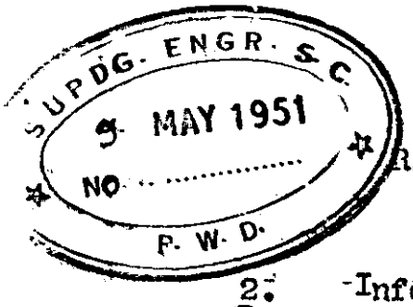
No.G.R.31.K. Executive Engineer's Office,
Belgaum: 8th May 1951

To

The Superintending Engineer,
Southern Circle, BELGAUM.



Subject :- Conversion of Temporary posts into Permanent.

Reference :- Your Express letter No.G.R.31.K. of 12-4-1951.

2. Information in statement No.1 in respect of this Division is sent herewith in duplicate.

(b)(i) The post of the overseer made available to this Division on account of River Gauging work, has been attached to the Divisional office, Belgaum as the fourth Overseer's post in accordance with your No.G-55 dated 6-12-1950 and please see further G.L.P.W.D.No.2499/48 ( VII-E-II) dated 7-11-1950, for sanction upto 28-2-51 The strength of 32 overseers communicated under your No.G-40/3 of 16-2-1951, includes this post and in the statement submitted to the Accountant General, under your No.G-55 of 17-3-1951, also, this post stands included.

(ii) Sanction for the continuance of the post is presumably necessary, as this post was not taken into account at the time of retrenchment.

(c) Similarly, specific and separate sanction for the posts of 3 Mechanical overseers attached to the workshop does not exist. The overseers appear to have been made available to this Division on account of necessity, against the sanctioned cadre of the Circle. The No.of 32 overseers shown in the statement submitted to the Accountant General, includes these 3 overseers.

(d) After the merger of the Sangli State, one overseer and one Maistry of the Shahapur Section were absorbed and put in charge of the roads and buildings taken over from the Shahapur Section of the Sangli State and the Angol and Wadgaon States. The overseer's post was however retrenched. The Maistry is however continued. The post was being provided in the Establishment budget, but separate sanctionfor the creation and continuance of the post does not seem to have been applied for. It has been included in the statement submitted to the Accountant General under No.G-55/3 of 4-4-1951, and copy submitted to you.

(e) These posts are required on the permanent establishment but in view of the above, it has not been possible to quote authority for the creation and continuance of the post.

3.(a) There is only one post created and continued on workcharged establishment on account of merger of States viz one post of a karkun for miles 120 to 135 of B.B.B.B. Road.

A separate statement is enclosed for this post, which is required on permanent establishment.

(b) .....

(b)- In accordance with the concluding portion of para 4 of your letter, another statement for the conversion of some workcharged posts into permanent and temporary ones is also enclosed.

reduction in the near future. Out of the 10 Temp.posts existing at present 8 are therefore proposed to be made permanent.

(iv) The Temp.post of Tracer in the Project Branch of this office is permanently required & is within the Establishment allowed by the retrenchment Officer against the standard unit of the Divl.Office. This post may therefore be brought on to the permanent Establishment.

(v) -do- -do-

(vi) The work in the Stores Branch has increased to considerable extent due to maintenance of purchase account, Oil & Petrol Accounts & correspondence regarding repairs to trucks, rollers & other machinery; maintenance of account of famine tools, indents of and various materials, it is not possible for the Store keeper to carry on with the work without an Asstt: Store keeper and hence it is necessary to bring the post on permanent Establishment.

(vii) Since the Jamkhandi Sub-Dn., is proposed to be made permanent all the Establishment in the Sub-Dn., is proposed to be brought on Perm.Estt: including the 4 posts of maistries. There are in all 42 (40 of permt.nature & 2 of Temp:nature) beats in this Dn. excluding V.W.S.works and in the proportion of 1 maistry to 2 karkuns, for heavy beats, at least, 13 perm. Maistries are necessary for this Dn. and hence 8 posts (including those in Jamkhandi Sub-Dn.) are proposed to be made permanent.

(viii) For 40 permt. beats, 27 karkuns are required on permt. basis including Jamkhandi Sub-Dn., and are therefore recommended to be made permanent in addition to 13 permt. maistries mentioned against (vii) above.

(ix) The peons in the Jamkhandi Sub-Dn., are proposed to be made permanent along with the Sub-Division.

STATEMENT No.III.

DHARWAR DIVISION: SOUTHERN CIRCLE:

STATEMENT showing posts which are required over and above the sanctioned Temporary Posts in the Dharwar Divisional Office.

| S.No. | Name of the Office. | Designation of the Post or Posts. | Scale of Pay. | No. of Posts required. | REMARKS. |
|---|---|---|---|---|---|
| 1. | Divisional Office, Dharwar. | Senior Clerk. | 92-8-140. | 1 | There are at present five Sub Divisions in this Division against which there are only 3 clerks for audit work. As Dharwar, Hubli, Gadag are heavy Sub Divisions, one Audit Clerk for each is necessary, and for the rest of the two(Viz.Haveri & Special Project) one is required. Hence the necessity of an additional clerk. |
| 2 | | Junior Clerk. | 46-3-85 E.B. 4-105. | 1. | One clerk is essentially required to work in the correspondence branch to deal with correspondence due to merger of states and other miscellaneous matters thereto. Moreover, there is only one clerk for inward and outward. The inward work cannot be done by him. |
| | | Tracer. | -do- | 1 | There are a lot of post.war major works for which plans and estimates are to be prepared. The work cannot be done by the existing one tracer in the Drawing Branch hence the additional staff. Moreover one additional computor is also required for copying estimates and calculations etc. |

Letter

No.G-55./1 Public Works Department,
Belgaum: 10th September1951

From

The Superintending Engineer,
Southern Circle, Belgaum.

To

The Chief Engineer,
Public Works Department, Bombay.

Subject:- Conversion of temporary posts into permanent.

---

Reference: Government Letters (Public Works Department) No. 3772/48-E(II), dated the 6th April 1951 and 3772/48-F, dated 5th June 1951.

2. As instructed in above Government Letters, the 6 statements pertaining to each of the 6 Divisions in this circle showing conversion of temporary posts into permanent, are submitted herewith.

3. In view of the Government instructions not to include the temporary posts of the Circle office, the statements of the Executive Engineers have not been consolidated, but are submitted in original.

4. The Executive Engineers, Belgaum, Dharwar, Bijapur, Ratnagiri and Kolhapur Divisions have submitted statements showing posts which were absorbed at the time of merger, but have been continued on the work-charged establishment for want of sanction. These statements are submitted herewith.

5, In addition to the information in the above two statements, the Executive Engineers, Belgaum, Dharwar, and Kolhapur Divisions have submitted statements showing the additional posts required over and above the sanctioned strength to meet present requirements.

6. The posts proposed by the Executive Engineers have been

scrutinized and are recommended for being brought on the permanent Establishment.

7. Although Government has specifically instructed not to include temporary posts of this office, it is brought to notice that the present strength therein is inadequate to cope with the increased work. Orders are, therefore, solicited whether a case may be made out for the essential minimum additional establishment required for this office.

8. This also disposes of Government Express Letter No. EST 1451 F, dated 14th July 1951.
